HAZM 100

BIO-KLEEN

PRODUCT DATA SHEET

PRODUCT DESCRIPTION

HAZM 100 is a synergistically formulated, surfactant based alkaline cleaner, which contains no harsh chemicals, chlorinated solvents, etc.

HAZM 100 is supplied as a concentrate which requires dilution before use (see below).

PRODUCT APPLICATION DETAILS

HAZM 100 is a multi-purpose cleaner and degreaser that can be used for any operation such as swab / spray / brush cleaning, steam cleaning, immersion or ultrasonic cleaning in all industrial, marine, aviation industries, etc.

HAZM 100 can be used to remove oils and grease from machinery, engine / compressor exteriors, bulkheads, decks, aircraft exterior surfaces, engine rooms, oil tank exteriors, etc.

It rapidly cleans, degreases, breaks up deposits and leaves surfaces clean and oil / grease free after rinsing.

HAZM 100 will not damage metals, acrylic plastics, painted surfaces, etc. Dilute **HAZM 100** with either hot or cold water prior to use, then apply to the surface being cleaned (the dilution will be dependent on the degree of soiling), allow the product to dwell (some agitation may be required) then rinse off with clean water under pressure.

Heavy Cleaning use 1 part **HAZM 100** with 1 to 3 parts water

Degreasing use 1 part **HAZM 100** with 4 to 8 parts water

Pressure Washing use 1 part **HAZM 100** with 40 to 50 parts water

Do not use the product undiluted or allow the cleaning solution to dry on the surface as staining may occur.

HAZM 100 is fully biodegradable.

PRODUCT HANDLING DETAILS

Refer to separate Material Safety Data Sheet for information before use
