HAZM 101

GUN-KLEEN

PRODUCT DATA SHEET

PRODUCT DESCRIPTION

HAZM 101 is a synergistically formulated, surfactant based biodegradable cleaner, which contains no harsh chemicals, chlorinated solvents, etc.

HAZM 101 is supplied as a concentrate which requires dilution before use (see below).

PRODUCT APPLICATION DETAILS

HAZM 101 is a multi-purpose cleaner and degreaser that can be used for any operation such as swab / spray / brush cleaning, steam cleaning, immersion or ultrasonic cleaning in all military, marine, aviation industries, etc.

HAZM 101 is specially formulated to remove oils and grease from major parts of guns such as barrel, slide, guide rod, frame and magazine etc.

It rapidly cleans, degreases, breaks up deposits and leaves surfaces clean and oil / grease free after rinsing.

HAZM 101 will not damage metals, acrylic plastics, painted surfaces, etc.

Dilute **HAZM 101** with either hot or cold water prior to use, then apply to the surface being cleaned (the dilution will be dependent on the degree of soiling), allow the product to dwell (some agitation may be required) then rinse off with clean water.

Heavy Cleaning use 1 part **HAZM 101** with 1 part water

Degreasing use 1 part **HAZM 101** with 2 parts water

Do not use the product undiluted or allow the cleaning solution to dry on the surface as staining may occur.

PRODUCT HANDLING DETAILS

Refer to separate Material Safety Data Sheet for information before use.
